**MIAMI-DADE COUNTY, FLORIDA  
NOTICE TO PROFESSIONAL CONSULTANTS  
DEPARTMENT OF REGULATORY AND ECONOMIC RESOURCES  
ENVIRONMENTAL CLEANUP, COMPLIANCE AND RELATED SERVICES FOR  
MIAMI-DADE COUNTY FACILITIES  
PROJECT NO. E14-RER-01**

The County Mayor, Miami-Dade County, pursuant to Chapter 287.055, Florida Statutes, Sections 2-8.1 and 2-10.4 of the Miami-Dade County Code, Implementing Order 3-34, and Administrative Order 3-39, announces that the Miami-Dade County Department of Regulatory and Economic Resources will require one (1) qualified consultant to provide environmental clean-up, compliance and related services for Miami-Dade County Facilities.

The proposed scope of work includes performing:

- A. Environmental assessment or rehabilitation and related tasks, including but not limited to drilling, surveying and mapping and laboratory services, at Miami-Dade County owned or operated sites in accordance with Chapter 62-780 of the Florida Administrative Code (FAC), Chapter 24 of the Miami-Dade County Code and all other applicable regulations.
- B. Services related to the modification, repair, removal, replacement, installation or abandonment of any underground or aboveground storage systems, and related tasks, necessary for the investigation, prevention or cleanup of contamination, in accordance with Chapters 62-761 and 62-762 FAC, Chapter 24 of the Miami-Dade County Code and all other applicable regulations.
- C. Services as design criteria professionals and duties related to construction management for environmentally related construction tasks related to A and B above.
- D. Other related environmental work, not identified above, necessary for investigation or prevention of potential or known contamination, for compliance with applicable regulations, for protection of the environment and the public health and for cleanup of environmental contamination.

As indicated above in the proposed scope of work, laboratory services are incidental to, and necessary for, the performance of environmental assessment and rehabilitation. Additionally, drilling services not related to geotechnical investigations, are most often performed by SFWMD licensed water well drillers. Remedial construction activities which fall outside of the Technical Certification categories are required to be performed as well as transportation and disposal of contaminated soil and groundwater, and other miscellaneous non-technical support services.

**This document is a draft of a future solicitation and is subject to change without notice. This is not an advertisement.**

One (1) qualified consultant will be retained under a non-exclusive professional services agreement with an effective term of three (3) years with two (2) one-year options to renew. Maximum compensation is three million dollars (\$3,000,000). There is no additional increase in the compensation limit of three million dollars (\$3,000,000) for the two (2) one-year options to renew.
